

INVENTION TIMELINE

You will be able to find the website for this project at the following:
<http://GorospeG.tripod.com>, go to "History", then click on "Inventions".

Create a thematic timeline of ten inventions to show inventions change...

For each invention state...

- the inventor
- the date of the invention
- give a brief description of the change that occurred.
- include an illustration.

Here are possible themes for your invention timeline:

1. Greatest inventions
2. Wackiest inventions
3. Household appliances
4. Automobiles
5. Media
6. Music
7. Sports
8. Medicine
9. Space
10. Weapons
11. Odds and Ends
12. Fashion
13. Things for School
14. Things for Teens
15. Computers
16. Communication
17. Food
18. Inventions from a decade... '30's, 40's, or maybe the 60's

Guidelines:

1. Use pen or markers
2. Be colorful
3. Be Neat
4. Don't forget illustrations or pictures from magazines, newspapers, etc.
5. Make sure your timeline is in chronological order
6. Use poster board or a large piece of construction paper.
7. Sign your name on the front of your work.
8. Make sure your have ten inventions.
